Informative Notes to Applicant Relating to the Proposed Development

1. Paragraph 3.12.9 of Policy D12 explains that Fire Statements should be produced by someone who is:
"third-party independent and suitably-qualified" The Council considers this to be a qualified engineer with relevant experience in fire safety, such as a chartered engineer registered with the Engineering Council by the Institution of Fire Engineers, or a suitably qualified and competent professional with the demonstrable experience to address the complexity of the design being proposed. This should be evidenced in the fire statement. The Council accepts Fire Statements in good faith on that basis. The duty to identify fire risks and hazards in premises and to take appropriate action lies solely with the developer.

The fire risk assessment/statement covers matters required by planning policy. This is in no way a professional technical assessment of the fire risks presented by the development. The legal responsibility and liability lies with the 'responsible person'. The responsible person being the person who prepares the fire risk assessment/statement not planning officers who make planning decisions.
2. This listed building consent only applies to the works specified here, including the drawings and schedules on this notice. Any additional fire, sound and other structural works that may be necessary for building regulations approval and which are not shown on the drawings and schedules on this notice are likely to require an additional application for Listed Building Consent (LBC). Please bear in mind that unauthorised works to a Listed Building could constitute a criminal offence.

Important Notes Relating to the Council's Decision

This is a LISTED BUILDING CONSENT only and does not operate so as to grant any lease, tenancy, or rights of occupation of or entry into the building to which it refers.

1. Appeals to the Secretary of State.

- The applicant has a right to appeal to the Secretary of State against any conditions of this listed building consent, under Sections 20 and 21 of the Planning (Listed Building and Conservation Areas) Act 1990.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>.

The timescale for making an appeal is **six months** from the date on the decision notice.

- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal.
- Further details are on GOV.UK (<https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries>).

2. Listed Building Purchase Notice

- If Listed Building Consent is granted subject to conditions, whether by the local planning authority or by the Secretary of State, and the owner of the land claims that the building and land has become incapable of reasonably beneficial use in their existing state, and cannot be rendered capable of reasonably beneficial use in their existing state or by the carrying out of any

works which have been or would be permitted, the owner may serve on the Council a listed building purchase notice requiring the Council to purchase the owner's interest in the land in accordance with Section 32 of Planning (Listed Buildings and Conservation Areas) Act 1990.

3. Other Approvals Required Prior to the Implementation of this Permission.

- The granting of Listed Building Consent does not relieve applicants of the necessity to seek planning permission or of complying with any local Acts, regulations, building by-laws and the general statutory provisions in force in the area or modify or affect any personal or restrictive covenants, easements etc., applying to or affecting either the building to which the Consent relates or any land or the rights of any persons or authorities (including the London Borough of Southwark) entitled to the benefit thereof or holding an interest in the listed building concerned or in any adjoining property. In this connection applicants are advised to consult the council's Highway Maintenance section [tel. 020-7525-2000] about any proposed works to, above or under any road, footway or forecourt.

4. Building Regulations.

- You are advised to consult Southwark Building Control at the earliest possible moment to ascertain whether your proposal will require consent under the Building Act 1984 [as amended], Building Regulations 2000 [as amended], the London Building Acts or other statutes. A Building Control officer will advise as to the submission of any necessary applications, [tel. call centre number 0845 600 1285].
